 - Replace Transportable Classrooms
 - ✓ **High-Tech Security Features**

School Connectivity

We will use a portion of this funding to cover the local share of our E-Rate project which will replace the majority of our switches and to install air-conditioning in the Elementary Server Room.

Estimated Cost:

E-Rate \$44,500

AC - \$6,500

Security Camera System

The District will upgrade the camera system in all three buildings providing additional coverage and better quality imaging.

Estimated Cost \$111,163

Classroom Door Locks

The District will replace all classroom door locks with an electronic card swipe system that allows for immediate response to a lockdown situation.

Estimated Cost \$250,300
