

# SMART SCHOOLS BOND ACT

Bemus Point Central School District  
Preliminary Investment Plan  
December 2017

# Smart Schools Bond Act

- Statewide Referendum
  - November 2014
- Can be used to fund projects for:
  - School Connectivity
  - Community Connectivity
  - Classroom Learning Technology
  - Pre-K Classrooms
  - Replace Transportable Classrooms
  - High-Tech Security Features

# Smart Schools Bond Act

- Bemus Point CSD Allocation
  - \$412,463
- Bemus Point CSD plans to fund projects for:
  - ✓ **School Connectivity**
    - Community Connectivity
    - Classroom Learning Technology
    - Pre-K Classrooms
    - Replace Transportable Classrooms
  - ✓ **High-Tech Security Features**

# School Connectivity

We will use a portion of this funding to cover the local share of our E-Rate project which will replace the majority of our switches and to install air-conditioning in the Elementary Server Room.

Estimated Cost:

E-Rate \$44,500

AC - \$6,500

# High-Tech Security Features

School security is one of the greatest responsibilities facing administrators, teachers, and community leaders today.

The District will address these concerns in two ways.

**Security Camera System**  
**Classroom Door Locks**

# Security Camera System

The District will upgrade the camera system in all three buildings providing additional coverage and better quality imaging.

Estimated Cost \$111,163

# Classroom Door Locks

The District will replace all classroom door locks with an electronic card swipe system that allows for immediate response to a lockdown situation.

Estimated Cost \$250,300

# BUDGET

## Project

## Estimated Costs
